## **HOSPITALITY RIDER**

Our mission has consistently been to deliver the best performances at every show.

Our aim is to provide our audience with exceptional performances, ensuring they receive an unforgettable experience.

Therefore, the following measures are necessary to facilitate adequate rest and recovery between shows while on tour.

### **DELHI/NCR SHOW** **REQUIRMENTS**

We are based in Delhi.

However for a smooth functioning, the band will require 2 rooms for wash & Change in the same venue as the event since we have a female vocalist and the band will reach the venue hours before the event to setup & soundcheck.

We require 3 cabs for events located outside Delhi NCR, such as Greater Noida, Sohna Road, Manesar, GT Karnal Road, etc.

## **AIR TRAVEL & GROUND TRANSPORTATION**

### **AIR TRAVEL**

We need flight tickets for 7 band members (onward and return) for shows that require International/Domestic travel.

- Please note that we only accept direct flights and prefer Indigo or Vistara for domestic travel. Please check with the management before booking.
- All seats need to be pre-booked. Please note that it is mandatory to book our seats together while booking the flight ticket.
- Please check with the management for early morning flights (before 9am) on the day of the show as the band needs enough rest for optimal performance.

### **ON GROUND TRANSPORT**

We will require 3 cabs for the following routes.

- Airport to hotel
- Hotel to venue
- Venue to hotel
- Hotel to airport

Please book 3 dedicated cabs for 24 hours for our convenience and ease in commutation with the drivers.

## **IMPORTANT INSTRUCTIONS FOR THE CHAUFFEURS**

- All drivers must know the address, directions, name of hotel, venue and airport.
- Drivers must know the timings for airport pickup and drop and must be available for contact at all times.

- The rooms should be made available as soon as the band reaches the hotel.
